Work Experience

S & S LEGAL PARTNERS AND ASSOCIATES

- Developing a website for a law firm with my team (**sslegalpartners.com**).
- Basically this website is set up with a desire to bring client service into sharper focus which will help them to have all the expertise and resources of law.
- They can also apply for the internship and retainership.

Projects

Project 1

PORTFOLIO

- Made a portfolio using **HTML, CSS, JAVASCRIPT** that contains all the professional information about me.

Project 2

CHROME EXTENSION

- Built a Chrome Extension called **LEAD TRACKER** using **JAVASCRIPT**.
- **LEAD TRACKER** is a neat chrome extension for tracking sales leads which allows us to **save the url of a present tab** or **add your input** which will remain saved until we delete them all. Basically it acts like a bookmark.

Project 3

Voice assistant

- Made a Voice assistant using **JAVASCRIPT**.
- Recognize your voice and respond to it.

Project 4

BlackJack Casino Game

- Made a classic casino game using **JAVASCRIPT**.
- When you hit the start button the device will take two cards randomly and you will hit a new card then it will check if the sum is 21 or not. If you got 21 as a sum then you got a BlackJack!!

Academic and Extracurricular Achievements

- **HackerRank** certificate for clearing the assessment for the skill **CSS**.
- **HackerRank** certificate for clearing the assessment for the skill **JAVASCRIPT**.
